

October 2011

**91** **2007 Hidden Ridge Cabernet Sauvignon,**  
**Points 55% Slope, Sonoma County**

Produced from 100% Cabernet Sauvignon grown on the Sonoma side of the Mayacamas Mountains. It is a glass-staining opaque purple-black color. Concentrated fresh black berry and currant fruit are prominent in the nose, with menthol/mint, licorice, and vanilla adding complexity. Velvety smooth on the palate and through to the finish. Enjoyable now and over the next 10 years.
