“The 2014 Cabernet Sauvignon Upchurch Vineyard comes all from clone two and is raised all in new French oak. Showing a fresh, focused style as well as classic Bordeaux notes of black currants, tobacco leaf, graphite, violets and earth, it has the classic structure and tannic grip of Red Mountain to go with nicely integrated acidity, solid mid-palate concentration and a big finish. Chris's wines always have the fruit and texture to be approachable on release, but they'll benefit from 3-5 years of cellaring and evolve for upwards of two decades.”
